## BAMBOO MIRACLE™ BLOWOUT ZERO

### ZERO FORMALDEHYDE PROFESSIONAL SMOOTHING TREATMENT

A maximum strength ZERO formaldehyde, VEGAN professional smoothing treatment enriched with tropical oils, butters and extracts that dramatically reduce frizz, reduce curl and volume, increase shine and manageability, and moisturize from the inside out for up to 3 months. This amazing treatment features bamboo extract, an eco-friendly alternative to hair health that contains powerful anti-aging properties. Bamboo extract is also the richest known source of silica, an essential element for maintaining the integrity of hair.

**BambooMiracle Blowout Zero** combines unique ingredients that penetrate the cuticle and fortify hair strands from within, delivering long-term results and nourishment. Contains no animal derived ingredients. VEGAN friendly formula. Not tested on animals. No Thioglycolate, Sodium Hydroxide or Formaldehyde.

#### FEATURES

- Maximum amount of curl reduction vs other non-formaldehyde smoothing treatments
- Delivers long-lasting nourishment and protection up to 3 months
- Amazing shine and “no-frizz” smoothing for all types of hair
- Humidity protection
- Faster blow dry and finishing
- Low cost per application
- Zero fumes
- Vegan formula! No animal derived ingredients, cruelty free
- No wait time, clients can shampoo same day!

## KEY INGREDIENTS

### BAMBOO EXTRACT

Contains powerful anti-aging properties. Sustainably harvested for its extract, making it an ecologically friendly choice for hair health.

### BURITI FRUIT OIL

Essential fatty acids in this treasured oil are excellent at maintaining elasticity while producing moisture. Soothes dry and damaged hair and fights frizz while adding shine.

### MURUMURU BUTTER

Locks in moisture while softening and protecting hair. Rich in lauric, myristic and oleic acid, which penetrate the hair cuticle and fortify hair strands from the inside out.

### WATERMELON EXTRACT

This lightweight oil extracted from the seeds moisturizes hair without weighing it down.

### UCUUBA BUTTER

Helps to drastically improve shine and elasticity while keeping hair hydrated longer.

### ALOE VERA

Rejuvenates hair with its own nutrients, leaving strands visibly shinier and smoother.

# application process

*(shake well before use)*

Begin with a thorough consultation with your client. Be sure that the hair is healthy enough for a smoothing service.

- 1. SHAMPOO:** Using BAMBOOMIRACLE DETOX SHAMPOO, Shampoo at least three times to ensure the hair is clean before starting the treatment process.. Work shampoo into a lather from roots to ends of the hair, being sure not to massage or scratch the scalp. Rinse well, then towel dry and detangle with wide tooth comb.
- 2. BLOW DRY:** Blow dry the hair until 75% dry.
- 3. DIVIDE:** Section the hair into 3-4 large parts.
- 4. MEASURE SMOOTHING TREATMENT:** Determine estimated amount of BAMBOOMIRACLE BLOWOUT ZERO treatment needed based on length/density of hair:
  - Short hair ½ to 3/4 oz
  - Medium hair 1 to 1-1/2 oz
  - Long hair 1 to 2 oz
- 5. APPLICATION:** Using an applicator brush, take 1/4" to 1/2" sections and begin each section by dabbing the treatment 1/4" from the scalp, then repeating every 1" to 1 and 1/2" until you reach the ends. Massage the treatment into each section, then comb through with a fine tooth comb away from the face to remove excess. Do not oversaturate the hair and do not apply to the scalp or skin.
- 6. PROCESS:** Process treatment for 30 minutes with no heat or cap (NOTE: After treatment is applied on resistant hair, place a processing cap over the hair and put under a warm dryer or heat source for 30 to 45 minutes.)
- 7. RINSE:** After desired processing time is complete, rinse the hair with water for 10-20 seconds to remove excess treatment (NOTE: Do not rinse longer than 10-20 seconds, as a small amount of the treatment must be left in the hair for best results). Do not shampoo the hair.
- 8. BLOWOUT:** On medium heat, blow dry the hair straight and smooth with a paddle or thermal brush, using tension until 100% dry.
- 9. FLAT IRONING:** Start at nape of neck and take 1/4" to 1/2" sections of hair and iron each section thoroughly from roots to ends until smooth and shiny. Adjust iron temperature between 400°F-450°F, or 204°C-230°C using the chart below and depending on the health and/or resistance of the hair. A test strand is recommended. Always iron away from the face. Continue this process until all the hair is thoroughly ironed.

**NOTE:** Client can shampoo immediately, no down time!
