Alo Vera

After creating our soft wax, we may or may not, have used the rest of the Aloe Vera we “borrowed” from my Grandma’s windowsill to create our NudeU Aloe Vera Hard wax. In case you didn’t know, Aloe Vera is rich in amino acids, enzymes, and vitamins A, F, C and B12, producing strong antiseptic enzymes capable of preventing infections, acne, scarring, and many other skin conditions. It is a potent moisturizer and has anti-inflammatory cooling properties, making our NudeU Aloe Vera Hard Wax formulation one of the best in the world for sensitive skin.

Whipped Cream

So rich and creamy you’ll want to put a cherry on top of it, the vitamins and rich emollients in this deluxe depilatory wax help to soften and smooth the hair shaft for an ultra-soothing wax treatment. Developed for especially thick, coarse, and/or curly hair. While it is recommended for all skin types, it is exceptionally effective on clients who have dry skin in need of additional hydration.

Lavender

Lavender is a potent source of antioxidants and contains potent anti-inflammatory properties, making NudeU’s Lavender Hard Wax a great choice for sensitive or acne-prone skin. Perfect for bikini, and other difficult areas, this wax is able to remove short, previously shaved hairs, while protecting delicate skin.

Gold Rush

Infused with golden minerals, protective oils, and camphor, this premium wax is ideal for removing fine to medium hair on all parts of the body. If you want to add a little sparkle to your life, NudeU’s Gold Rush Hard Wax will have your skin feeling like a million dollars!

Azulene

Chamomile is not just a great tea before bed, it is also the flower from which we get Azulene for the NudeU Azulene Hard Wax! Formulated with soothing Azulene Oil, which is renowned for its skin-calming properties, our NudeU Azulene Hard Wax is a gentle, balanced, aromatic wax that is pleasing to the senses and perfect for removing medium to coarse hair. A favorite of estheticians specializing in men’s waxing, it softens skin and calms irritation caused by waxing services while its anti-inflammatory properties make it ideal for those clients who are prone to sensitivity.

Tea Tree

For years, the Indigenous people of Australia have applied crushed Tea Tree leaves to heal cuts, burns, and bites. Studies have shown that thanks to its anti-bacterial, anti-fungal, and anti-inflammatory properties, Tea Tree can shrink pores, heal wounds, and will prevent breakouts... which is why NudeU has incorporated this amazing ingredient into our purifying, multipurpose Tea Tree Hard Wax formula, to remove hair while preventing breakouts. Ideal for oily, sensitive skin.

Onyx Detoxifying Charcoal

Long revered for its powerful detoxifying properties, Activated Charcoal has been used for centuries to adsorb (as opposed to “absorb”) impurities like mineral buildup, toxins, and environmental pollutants. Its porous structure carries a natural negative charge, attracting positively charged molecules such as toxins and gases. (With just one teaspoon of activated charcoal having the surface area of a full-sized football field!)

NudeU has tapped into this purifying powerhouse to create our Onyx Detoxifying Charcoal Hard Wax—a next-generation wax infused with Activated Charcoal to draw out impurities, exfoliate dead skin cells, unblock pores, and gently remove unwanted hair from even the most sensitive skin.

Magic Vajajay

NudeU’s hypoallergenic Magic Vajajay “Ultra Super Sensitive” Rosin-Free Hard Wax is a hot-pink hero for sensitive skin. This revolutionary hair removal product is designed to smooth and then soothe the skin without rosin; a sticky natural ingredient derived from pine which causes redness in certain skin types. Made with sensitivity in mind, we have infused our Magic Vajajay “Ultra Super Sensitive” Rosin-Free Hard Wax with titanium dioxide to create an additional buffering effect that reduces the wax’s adhesion to the skin, resulting in a softer, creamier consistency that is easier to spread and less irritating. But don’t worry! This wax is still able to grip unwanted hair with ease, harden quickly (because patience is overrated), and maintain flexibility so it will not become brittle and break. Enriched with nourishing ingredients, Magic Vajajay “Ultra Super Sensitive” Rosin-Free Hard Wax cares for the skin, leaving it hydrated, silky, and smooth, making it the preferred choice of waxing professionals for delicate areas, like the face, underarms, bikini line, and other intimate areas... perfect for transforming a “shag carpet” into a “ballroom floor”!

Rose Petal

A creamy, hard wax makes a dreamy Soft Crème Wax, especially when it comes to our NudeU Rose Petal Hard Wax. Suitable for all skin types, the Rose Petal has amazing skin moisturizing properties for dry, sensitive skin, and/or aging skin.

Comparison Chart

Aloe Vera

We may, or may not, have "borrowed" some of our Aloe Vera from my Grandma's windowsill, but it's in your wax pot now! Aloe Vera is rich in amino acids, enzymes, and vitamins A, F, C and B12, producing strong antiseptic enzymes capable of preventing infections, acne, scarring, and many other skin conditions. It is a potent moisturizer and has anti-inflammatory cooling properties, making our NudeU Aloe Vera Soft Creme Wax an amazing choice for every client.

Whipped Cream

So rich and creamy you'll want to put a cherry on top of it, the vitamins and rich emollients in this deluxe depilatory wax help to soften and smooth the hair shaft for an ultra-soothing wax treatment. Developed for especially thick, coarse, and/or curly hair. While it is recommended for all skin types, it is exceptionally effective on clients who have dry skin in need of additional hydration.

Lavender

Gone are the days when lavender was nothing more than grandma's secret weapon for freshening up the powder room. Lavender is a potent source of antioxidants and contains potent anti-inflammatory properties, making NudeU's Lavender Soft Creme Wax a great choice for sensitive or acne-prone skin. Perfect for the bikini and/or other difficult areas, this wax is able to remove short, previously shaved hairs, while protecting delicate skin.

Rose Petal

A creamy, hard wax makes a dreamy Soft Crème Wax, especially when it comes to our NudeU Rose Petal Hard Wax. Suitable for all skin types, the Rose Petal has amazing skin moisturizing properties for dry, sensitive skin, and/or aging skin.

Gold Rush

Infused with golden minerals, protective oils, and camphor, this premium wax is ideal for removing fine to medium hair on all parts of the body. If you want to add a little sparkle to your life, NudeU's Gold Rush Hard Wax will have your skin feeling like a million dollars!

Honey

You've likely drizzled it on your yogurt or spooned some into your tea, but did you know that honey is wonderful spread all over your body? Our NudeU Honey Soft Creme Wax is great for softening, smoothing, and preventing breakouts while removing even the most stubborn hair. (Especially thick, coarse, and/or curly hair.)

Magic Vajjayjay

NudeU's hypoallergenic Magic Vajjayjay "Ultra Super Sensitive" Rosin-Free Soft Crème Wax is a hot-pink hero for sensitive skin. This revolutionary hair removal product is designed to smooth and then soothe the skin without rosin; a sticky natural ingredient derived from pine which causes redness in certain skin types. Made with sensitivity in mind, we have infused our Magic Vajjayjay "Ultra Super Sensitive" Rosin-Free Soft Crème Wax with titanium dioxide to create an additional buffering effect that reduces the wax's adhesion to the skin, resulting in a softer, creamier consistency that is easier to spread and less irritating. Enriched with nourishing ingredients, Magic Vajjayjay "Ultra Super Sensitive" Rosin-Free Soft Crème Wax cares for the skin, leaving it hydrated, silky, and smooth, making it the preferred choice of waxing professionals for delicate areas, like the face, underarms, bikini line, and other intimate areas... perfect for transforming a "shag carpet" into a "ballroom floor"!
